How Ben Can Help You

- Elder Law
- Estate Planning
- Trust Administration
- Guardianship
- Probate Litigation

“

No two people have the same needs, every situation is unique. So we work with you to find the best course of action to protect your particular assets. In the case of caregivers, I find they're often more vulnerable and in greater need of an attorney than the parent or loved one they're caring for.

We try to lessen their burden to make things easier for them now as well as in the future.

”

About Ben

As one of only a few elder law attorneys in Illinois with a CPA after his name, Ben offers a unique perspective to help his clients plan for their future.

Since founding Generation Law in 2003, Ben has helped thousands of families care for aging loved ones, resolve family conflicts, afford long-term care costs and ensure their wishes are carried out – without losing their sanity or going broke.

Ben formed Generation Law, which concentrates in elder law, estate planning, wills and trusts, and guardianship and probate litigation, after spending several years with worldwide law firm Baker & McKenzie.

Ben was named an Illinois Super Lawyer in Elder Law in 2007, receiving this recognition again in 2009 and every year since. After graduating with a degree in finance from the University of Illinois, Champaign-Urbana, he earned his law degree from IIT Chicago-Kent College of Law.

A frequent professional speaker, Ben is known for his candid approach to the so-called “Caregiver Storm” – the challenges of caring for a loved one while maintaining your own life.

Ben is also actively involved in the legal community, serving as the former chairman of the board of the Illinois Institute for Continuing Legal Education and as a member of the National Academy of Elder Law Attorneys. He is a member of the Bar of the U.S. Supreme Court, the Bar of the U.S. District Court, Northern District of Illinois and the Bar of the State of Illinois.

Ben is a supportive husband and involved dad, despite limited success convincing his teenage sons to put down the video games. After abandoning his late-in-life speed skating career, Ben slowed down the pace by switching to triathlons. He races actively during the summers and has completed all race distances, from sprints to Ironmans, including the inaugural PATAGONMAN extreme triathlon in Chile in 2018.
